Date: March 29, 2005 Document #: 404 Revision # 1

# Community Investment (Impact Areas)

### 1. Helping Young Children and Their Families Thrive

#### Outcome:

- Young children and their families are supported so all children can successfully start school
- Young children and their families are assisted and encouraged to participate in physical activities thus promoting and encouraging both good health and quality family time
- Young children and their families are provided with the means to participate in both social and educational activities with peer groups

### 2. Increasing Safety and Reducing Violence

#### Outcome:

- People are safer in their homes and communities
- People are safe in their relationship

### 3. Increasing Self-Sufficiency and Well Being

#### Outcome:

- > People of all ages have skills so they can adapt to crisis, face life's challenges and fully participate in the community
- Individuals and communities work together to achieve common goals

## 4. Building Stronger Volunteer Organizations

#### Outcome:

- Organizations have an adequate number of skilled, involved and committed volunteers and staff
- Organizations work together, sharing knowledge, expertise and services
- Organizations meet accepted accountability and governance standards

### 5. Development of Youth

#### Outcome:

Our community has programs that provide activities that help our youth grow and mature.
